

**What can a land owner do? It is NOT too late.**

1. Learn about damages TransCanada has done to land owners in the past.
2. Find out what protections other land owners have included in easements.
3. Find out what TransCanada has offered other land owners.
4. Meet and work with other land owners to make sure you get the best easement and the most money possible.

5. Challenge TransCanada's right to use eminent domain.
6. Support other landowners who are challenging the power of eminent domain.

7. Educate your county commissioners about TransCanada and the Keystone XL Pipeline so they can protect your county.
8. Educate you Oklahoma Senator and Representative, U.S. Senators and Representative.
9. Educate your farm organizations such as Oklahoma Farm Bureau and American Farmers and Ranchers.
10. Get more information from the Center for Energy Matters: 1015G Water-Wood Pkwy, Ste C-1, Edmond, OK 73034 tel. (405) 206-3979.
